

IVECO

Your partner for sustainable transport

IVECO S-WAY NP
DRIVE THE NEW WAY

The IVECO S-WAY NP is the undisputed leader for sustainable long-distance haulage: this 100% connected truck offers a superior onboard driving and living experience, efficiency without compromise in every mission, and the competitive advantage of a truly green and profitable transport solution with best-in-class Total Cost of Ownership.

The cab has been designed around the needs of the driver, to raise their driving, working and living conditions to an entirely new level. With extremely quiet operation, it offers the best acoustic comfort inside the cab. The spacious and well laid out environment is rich in comfort features and advanced functionalities. The new cab is set to become a favourite of drivers and their home from home.

The IVECO S-WAY NP is powered by the most mature natural gas technology on the market. It delivers a highly efficient performance whilst maximising the advantages of the most environmentally-friendly fuel available today.

The advanced connectivity ensures the driver is always in contact with their fleet manager their dealer and IVECO's expert specialists, so that they are never alone on the road. It unlocks a whole range of innovative tailored services developed to keep the vehicle on the road and maximise the fleet's efficiency.

Performance or respect for the environment: you no longer have to choose.

UNLIMITED SUSTAINABILITY

NATURALLY LONG-DISTANCE

The IVECO S-WAY NP is the first natural gas fuelled truck on the market specifically designed for international long-haul transport with an exceptional range of up to 1,600km in 4x2 configuration in LNG version.

ECONOMIC SUSTAINABILITY

The IVECO S-WAY NP gives you the competitive advantage with a truly 'green' and profitable solution for long-distance transport, with best-in-class Total Cost of Ownership, up to 9% lower TCO than a diesel truck. Its green and quiet operation opens access to city centres, densely populated areas and highly regulated low-emissions zones.

EFFICIENT ENVIRONMENTAL SUSTAINABILITY

The IVECO S-WAY NP maximises the advantages of the most environmentally-friendly fuel to improve air quality with 95% less Particulate Matter and 90% less NO_2, and mitigates climate change by reducing CO_2 by 95% with biomethane. It also contributes to a quieter environment with just 71dB(A) Piek Quiet Truck when running in Silent Mode – ideal for night-time deliveries.

CIRCULAR ECONOMY

The IVECO S-WAY NP can run on bio-methane, a renewable energy that delivers the lowest carbon footprint based on Life Cycle Analysis. It can be produced locally from agricultural and urban waste, creating, not only additional revenues for farmers, but also local jobs. It also means the possibility of the creation of a circular economy that minimises the use of new resources, the creation of waste, and carbon emissions – it can even achieve negative Greenhouse Gas emissions through carbon sequestration.

EXPERT SUPPORT FROM THE TECHNOLOGY LEADER

IVECO has pioneered natural gas technology for more than 20 years, developing a widespread network of IVECO service points specialising in LNG and CNG technology, which provide support across Europe.

NATURAL LEADER

The new IVECO S-WAY cab, teamed up with the most mature natural gas technology on the market, is the undisputed sustainable leader for long-haul transport.

RESHAPED ROOF

AERODYNAMIC KIT

TWILIGHT & RAIN SENSORS

OPTIMISED MIRROR DESIGN

12% CX COEFFICIENT IMPROVEMENT

REDESIGNED DOOR AND EXTENSION

LARGER OUTER COMPARTMENT

FRONT GRILLE DESIGN

INTEGRATED PARKING COOLER

BEST-IN-CLASS FUEL AUTONOMY (UP TO 1,600km)

FULL LED HEADLIGHTS

FUEL EFFICIENCY FEATURES

SILENT MODE: 71 DECIBELS

MULTI-PIECE BUMPER

FOLDABLE STEP

SUPERIOR ON-BOARD LIVING CONDITIONS

BIGGER ROOF HATCH

SHAPED HIGH-CAPACITY UPPER SHELF

FULL LED INTERIOR LIGHTING

COMFORTABLE 2.15m STANDING HEIGHT

EASY-TO-REACH ROOF POCKETS

CHOICE OF SEAT UPHOLSTERY AND FEATURES

MORE SPACE FOR THE DRIVER

MULTI-FUNCTIONAL STEERING WHEEL

ELECTRONIC KEY SLOT AND ENGINE START/STOP BUTTON

LOWER CENTRAL CONSOLE AND REDESIGNED CENTRAL STACK

SWIVELLING CO-DRIVER SEAT

CHOICE OF UPPER BUNKS

CENTRAL BED MODULE

SYMMETRICAL BED ZONE CONCEPT

MULTIPLE FRIDGE COMBINATIONS

CONVENIENT WALL POCKETS

PREMIUM DRIVING COMFORT

The entire driver's area has been designed to provide more space and excellent visibility. Every single detail has been carefully studied to meet the driver's expectations on the road.

LOWER CONSOLE
Handy shelf with bottle and cup holders and background lighting

INFOTAINMENT
Bring your digital life on board with smartphone mirroring and innovative features

TWILIGHT & RAIN SENSOR
Automatically turns on the headlights and windscreen wipers

KEY LOCK AREA
Turn the engine on and off by simply pushing the Start/Stop button

INTEGRATED HVAC SYSTEM
Heating, ventilation and air conditioning

STEERING WHEEL
All the vehicle's key functions at your fingertips

Customise your seats with leather or fabric upholstery and enjoy the luxurious comfort of the cushions.

Choose the soft touch or leather steering wheel, both available in the classic shape or with the distinctive flat base.

EVERYTHING IN ITS PLACE

The spacious new cab offers all the storage you need, with well laid-out capacious compartments. The shaped upper shelf has a massive capacity of 250 litres.

The symmetrical layout of the night area has been designed so you can enjoy a good night's rest in great comfort.

The one-piece lower bunk offers a choice of soft or hard mattress and you can choose from the Smart or Comfort upper bunk, which can be used as a luggage compartment or a passenger bed.

The outer compartments offer a massive storage capacity of up to 380 litres.

Two USB ports are located on the upper pockets of each wall.

The new open glove compartment includes a 1.5-litre bottle holder.

Wide selection of refrigerators with capacities up to 100 litres and available with freezer.

NATURALLY POWERFUL

The IVECO S-WAY NP offers a wide choice of natural gas engines that deliver clean running and quiet operation, to suit all applications.

CURSOR 9 NATURAL POWER ENGINE

The Cursor 9 NP engine was designed for a wide range of missions: from urban to regional distribution, garbage collection and construction logistics. The optimised stoichiometric combustion process and weight of the 8.7-litre displacement engine deliver the best fuel efficiency in all conditions.

Cursor 9 NP

CURSOR 13 NATURAL POWER ENGINE

The Cursor 13 engine, with a 12.9-litre displacement, enhanced combustion process and optimised weight, delivers the best fuel efficiency even in very long-distance missions.

The engine delivers the power and torque required for the most demanding missions and has been designed to perfectly match the requirements of international transport.

Cursor 13 NP

NATURAL POWER ENGINE LINE-UP

ENGINE	DISPLACEMENT (Litres)	POWER hp @ rpm	TORQUE Nm @ rpm	AFTER TREATMENT SYSTEM	EMISSION STANDARD
CURSOR 9 NP	8.7	340/250 @ 2,000	1,500 @ 1,100 - 1,600	3-way Catalyst	Euro VI/d
		400/294 @ 2,000	1,700 @ 1,200 - 1,575		
CURSOR 13 NP	12.9	460/338 @ 1,900	2,000 @ 1,100 - 1,600	3-way Catalyst	Euro VI/d

THE LOWEST POLLUTANT EMISSIONS VALID FOR CURSOR 9 AND CURSOR 13

for NO_2

for particulate matter

for CO_2 with biomethane

THE LONGEST SERVICE INTERVALS

Oil change intervals have been extended even further to 90,000km and the Cursor 13 specific gas components have been modified to minimise maintenance costs.

SIMPLE MAINTENANCE-FREE AFTER-TREATMENT SYSTEM

The longitudinal, compact and lightweight 3-way catalyst contributes to compliance with the most stringent emissions standards while ensuring low noise levels. This system requires no additives, particulate filter or parked regeneration, so that it needs little maintenance. Its compact size and inside-frame installation leaves plenty of space for bigger fuel tank capacity and auxiliary installations such as a cooling group, cryogenic tanks or a storage box.

3-WAY CATALYST: A LIGHT AND SIMPLE AFTER-TREATMENT SYSTEM

NO ADBLUE®

NO MAINTENANCE

NO PARTICULATE FILTER

NO PARKED REGENERATION

FUEL SAVING DEVICES:

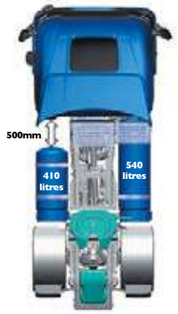

- The Anti-idling feature avoids long periods of idling, automatically shutting off the engine.
- The IVECO HI-CRUISE GPS predictive driving system.
- High-efficiency 12 speed HI-TRONIX automated transmission.
- IVECO ECO MODE PLUS & ECO FLEET for maximum fuel efficiency.

BEST-IN-CLASS FUEL RANGE

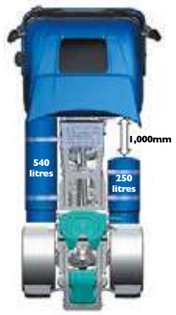

The IVECO S-WAY NP offers an extensive choice of tank combinations in a variety of sizes and shapes. Short tanks, long tanks, right- or left-mounted, LNG only, CNG only, LNG + CNG: you can choose the tanks and chassis layout that match the precise requirements of your mission.

LNG - up to 1,600km

LNG - up to 1,400km

LNG - up to 1,150km

LNG - up to 800km

CNG+LNG - up to 280+800km

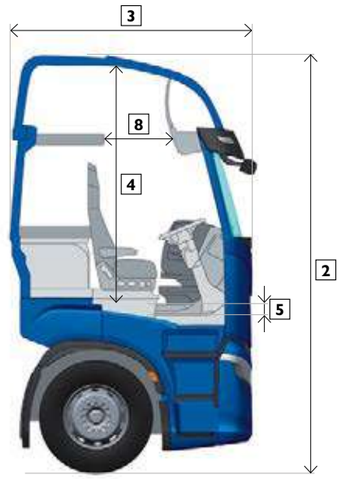

CNG - up to 650km

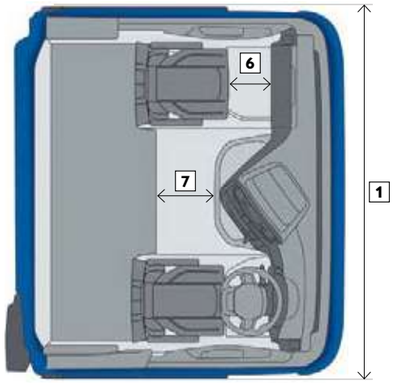

THE RIGHT CAB FOR EVERY MISSION

The IVECO S-WAY NP cab line-up offers a choice of cabs to match your mission: the **AS** sleeper cab, the **AT** sleeper cab with low or medium roof, and the **AD** short cab with low roof.

CONSTANT SECTION CHASSIS RAILS

PNEUMATIC OR FULL PNEUMATIC SUSPENSION

LONGITUDINAL IN-FRAME 3-WAY CATALYST

SILENT MODE: 71 DECIBELS

ACCESS ALL AREAS

The IVECO S-WAY NP rigid provides the ideal solution to deliver logistics services that address the increasingly critical issue of pollution in city centres and high traffic transport routes. Thanks to its quiet operation, with just 71dB(A) Piek Quiet Truck when running in Silent Mode, and ultra-low NO_2 and PM emissions, the IVECO S-WAY NP can access city centres, densely populated areas and high traffic motorways with the strictest emissions restrictions – and it can operate round the clock.

When running on biomethane, it is the most efficient way of delivering fossil-free and CO_2-free transport here and now.

The energy transition is happening, as cities and local authorities address the issue of air quality and greenhouse gas emissions, and IVECO is at the forefront of it with our full offering of Natural Gas vehicles.

THE REFERENCE FOR REFRIGERATED TRANSPORT

The IVECO S-WAY NP has been designed to host all the **new diesel-free cooling technologies** available on the market to provide a carbon-neutral solution when running with biomethane.

MAXIMUM TANK FLEXIBILITY

You can choose from a wide offering of tanks of varying types, shapes and sizes which can be combined to meet the requirements of your mission. The IVECO S-WAY NP rigid offers the best-in-class fuel autonomy with up to 1,000km with CNG and up to 1,600km with LNG.

IVECO ON

IVECO ON IS THE NEW WORLD OF INTEGRATED SERVICES AND TRANSPORT SOLUTIONS,

created by IVECO to help you make your business more competitive, profitable, sustainable and easier to manage.

It provides a flexible offer that can be customised to match your business requirements and missions: from connected services to boost your vehicle's potential to a complete set of tailored aftermarket solutions to be at your side on every step of your journey!

A CLEAR BENEFIT TO OUR CUSTOMERS

IVECO IS "ON" YOUR SIDE, DELIVERING REAL BENEFITS FOR YOUR BUSINESS WITH THE ADVANTAGES OF THE SERVICE OFFER YOU CHOOSE:

IVECO ON FLEET — to manage your fleet by monitoring both your vehicles' and drivers' fuel consumption, as well as planning their missions, optimising routes and dispatching orders.

IVECO ON UPTIME — to always keep your vehicle on the road, anticipating and avoiding unforeseen breakdowns. Our roadside assistance will always be with you.

IVECO ON CARE — for peace of mind knowing that we will take care of you, your driver and your vehicles while on the road. Specific vehicle monitoring and reporting will leave you free to focus entirely on your work with no worries.

IVECO ON REPAIR & MAINTENANCE — for specialised assistance when you choose from our offer of tailored service contracts.

IVECO ON PARTS — to complete the IVECO ON offer by choosing original IVECO Parts and Accessories.

Discover the world of new services that come with the new IVECO WAY RANGE!

SAVE MONEY, IMPROVE YOUR PERFORMANCE and **SIMPLIFY YOUR WORK** by choosing our connectivity and selecting the solution that is the best match to your requirements.

FIND OUT MORE ABOUT THE **COMMERCIAL PACKAGES** YOU CAN CHOOSE YOUR SERVICES FROM.

SMART PACK

The **SMART PACK,** always included in all IVECO WAY RANGE vehicles, offers the benefits of IVECO ON CARE and IVECO ON UPTIME provided with the following services:

SMART REPORT: The Driving Style Evaluation (DSE) algorithm generates weekly reports on the vehicle's and driver's performance with tips on how you can improve the driving style for fuel and vehicle optimisation.

SAFE DRIVING REPORT: Together with the Smart Report and thanks to the Driving Style Evaluation, you will now receive this new report that will allow you to measure your safety on board.

IVECO ON CUSTOMER PORTAL AND APP: These enable you to monitor your vehicle's fuel consumption and your driver's driving style in a dynamic way, so you can identify how to optimise your fleet's performance. You can also plan and book service appointments efficiently to maximise uptime.

VEHICLE MONITORING AND REMOTE ASSISTANCE: The remote diagnostics tool, the teleservices and the over-the-air software updates will grant you a proactive approach and maximised vehicle's uptime, anticipating possible faults and downtime.

EASY WAY APP: Simplify your life on board: control cab features and call Assistance Non-Stop with a simple click. Or ask for Remote Assistance Service during one of your stops. Download Easy Way App to enjoy the experience in the new cab!

PREMIUM PACK

The **PREMIUM PACK** offers all the services included in the SMART PACK, plus the full benefits of IVECO ON CARE, UPTIME, FLEET and R&M. It guarantees a follow up on the vehicle information received by putting you in contact with IVECO experts who will advise you on the best way to use it.

You can choose the modular options you wish to add to your package:

PROFESSIONAL FUEL ADVISING: IVECO TCO Advisor will provide you with quarterly face to face consultancy and advice on how to reduce fuel consumption, maximising your use of the truck.

IVECO TOP CARE: As a Premium Customer, IVECO provides you with an extra care solution, supporting you to repair your vehicles within 6 hours. Get the priority you deserve.

FLEET MANAGEMENT: Helps you monitor both your vehicle's and driver's fuel consumption, as well as planning their day-to-day activity, optimising routes and dispatching orders. Increase fleet administration capabilities through insights on driver's workdays and geolocation.

IVECO WEB API: The Application Program Interface allows flexible data integration in the customer's own systems and facilitates the management of IVECO-generated data together with that of other brands' vehicles in a single tool.

PROFESSIONAL SAFE DRIVING REPORT: Based on the results you will receive with the Safe Driving report, our TCO Advisor will contact you quarterly in order to advise you on how to be safer on the road.

ELEMENTS

PICK THE SERVICES THAT PERFECTLY MATCH YOUR BUSINESS

The IVECO S-WAY NP offers an extensive range of services that can be tailored to your precise requirements to keep your vehicle running in top form and your business operating with a healthy bottom line.

The IVECO S-WAY NP introduces an entirely new level of customisation through connectivity. The real-time vehicle data it provides enables us to offer you **bespoke maintenance plans** based on the real use of your IVECO S-WAY NP – a perfect match to your business.

Alternatively, our **Elements** range offers the extreme **flexibility** that enables you to choose the combination of Planned Maintenance and Extended Warranty services for your business, and further enrich your package with the Additional Coverage elements.

ELEMENTS
LONG LIFE VEHICLES

MAINTENANCE
- Maintenance
- Lubrication
- Oil and fluid changes according to the repair and maintenance handbook

DRIVE LINE
- Engine
- Fuel injection
- Gearbox
- Propeller shaft and axle repairs

EXTRA DRIVE LINE
- Components not already covered by the drive line element e.g. Electrical System

WEAR
- Clutch
- Brake pads
- Brake discs
- Brake drums
- Brake linings for drum brakes

LEGAL INSPECTION
- Statutory legal requirements for operators licence e.g. Ministry inspection, MOTs

The major "elements" making up the offer (Maintenance, Drive Line, Extra Drive Line, Wear) can be combined in order to create the contract that perfectly suits your business. The table below summarises all the possible combinations:

IVECO | Accessories

The truck is much more than a vehicle: it is where thousands of people live and work every day. That's why IVECO Accessories has created a range of tailor-made products to satisfy the driver's needs, improve their performance, enhance the vehicle's style and comfort, and introduce new technologies on board.

EXPRESS YOUR PERSONALITY

You can make the new IVECO S-WAY NP even more exclusive thanks to a broad range of products, including new styling kits, mirror covers, camera and view kits, the new light bar, microwave and much more.

IVECO CAPITAL

IVECO CAPITAL is the captive financial services brand of IVECO, and offers a full range of financing and leasing for commercial vehicles, including the financing of extended warranty product.*

The finance profiles can be tailored to meet the needs of the customer and apply to new, used and conversions.

For more information, please contact your IVECO dealer.

*Extended warranty can only be included when financed at the same time as the vehicle.

IVECO 0080048326000 Assistance Non-Stop

IVECO Non Stop

The IVECO Assistance Non-Stop answers 24 hours a day, 7 days a week, providing assistance in 36 European countries to help Customers keep their vehicles on the road. In case of breakdown it can be reached through a phone call, using the IVECO Non-Stop app, using the telematic system on board.

The IVECO Non-Stop app can also be used to book in advance repair work for your vehicle, not just in the case of urgency. You can select the time window and the location (current position, workshop or specific address) and the app will give you a confirmation of the booking.
